Dear Muslims,

Asalamualaikum Warahmathullahi Wabarakathuh,

### ENDORSEMENT OF WASIYYAH

The Islamic Council of Victoria (ICV) is a proud supporter of **Wasiyyah**, a service that simplifies the process of Islamic Will writing.

In Victoria, as in other jurisdictions where Islamic Law is not recognised, if a person dies without a Will their assets will not be distributed according to the limits prescribed in the Qur'an. Accordingly, having a Will that is based on Islamic principles is very important for every Muslim and the ICV thanks Wasiyyah for providing this essential service to the community.

In addition to the distribution of assets, we are delighted to note that the Islamic Will that is prepared by Wasiyyah covers other essential rights and obligations for every Muslim including, funeral rights, settling of debts and guardianship of children. This provides an opportunity for someone to clearly articulate their wishes and ease the burden on their family and community after they pass away.

For further information about the services provided by Wasiyyah visit their website at [www.wasiyyah.me](http://www.wasiyyah.me).

With best regards,

**Nail Aykan**
